# ABOUT US

## SJM AGRO OVERSEAS, INC

We become what we eat; food is the most important part of our life at any stage and it should reach masses without any compromise in quality or nutritional value. With a vision and dedication to provide only the finest quality foods including staple diet like rice. SJM Group was founded in 2010.

Envisioning a better tomorrow for not just themselves but for the world around them has helped establish them as frontrunners in the food industry around the world, both in terms of quantity and quality. And in the process, SJM has grown by leaps and bounds which did not happen by chance, success has to be pursued relentlessly and with feet firmly planted in ethics and principles. With an unwavering belief in corporate vision and customer satisfaction and relationship pitched as the most pious tenet of our book of ethics, the company has tasted success as sweet as the products that it proffers.

# INFRASTRUCTURE & TECHNOLOGY

We are blessed with well-organized infrastructural facility that leverages on modern technological advancements. Our infrastructure unit is segmented in different department like processing unit, quality checking department and storage unit. All our units are managed by our adroit team of professionals. We also ensure that all the facilities are regularly upgraded so that their efficiency and performance are maintained up to the standards for a long duration we have recruited a team of experts who are blessed with the enormous experience of the industry. Further, our team members always give their best and also work in close-coordination with each other to carry out all processes systematically and efficiently. Our experienced team consists of packaging experts, skilled workers and technicians. In-depth domain expertise and rich industry experience have enabled us to meet the variegated requirements of the market as well as of our clients in the most efficient manner.

We are instrumental in providing our clients assured array of products to the clients. The offered products are processed by our professionals using natural ingredients and advance technology keeping in mind defined food standards at our well equipped production unit.

# SJM EXPORTS:

SJM's multi-dimensional growth has been fuelled by a drive to struggle for quality. Consumer satisfaction and a clear vision of goals for the future. An established company that has made its presence felt on Indian shores is all set to make waves abroad by introducing the superior quality and amazingly delicious Basmati in Gulf Countries and Other Products (Spices, Pulses, Wheat Products) as well as in European Countries, Asia, Africa, United Kingdom.

# PROCESSING:

SJM's state-of-the-art processing unit has machinery sourced from around the globe from the like of Japan, Germany, USA and Denmark. Fully automated and controlled by PLC, the plant ensures the grains a contamination-free environment. No corners are cut to meet the company's high standards of quality and hygiene. Their packaging is also done very meticulously without any human hand involment to ensure that every product is tamper-proof and finely-sealed to keep it

# SJM LOGISTICS:

Not just in processing, SJM ranks high in term of logistics. It has the most reliable supply chain network aided by a large fleet of trucks to ensure that the orders reach our client in no time at all. When it comes to international deliveries, every minute detail in logistics is being takes care of by a team of exports and there is rarely any complaint for loss of product or bad packing/distribution of SJM products in such transaction.

# SJM WAREHOUSING:

Basmati is so very champagne; the older sits gets – the tastier and aromatic it is. Fragrance that is so potent for Basmati is not easy to obtain; its calls for passionate research, dedication and stringent quality control. But most importantly it requires optimum aging done in world-class warehouses.SJM understands and honors the need of Basmati for optimum aging. The large moisture-controlled warehouses in the outskirts of (city) are built as per international standards. The Basmati is kept here for at least 24 to 36 months and aged gradually in most hygienic conditions. The result is for you to feel – unmatched aroma of SJM rice. Open the pack and just indulge –both in the fragrance and taste.

# OUR TEAM:

With the assistance of our dexterous team of food experts, we are catering to the variegated of products. Our team is hired by our management on the grounds of their knowledge and expertise in their fields. Owing to the hard work and sincere efforts, we have garnered a huge clientele all across the nation. Our professional work in tandem with the costumer to understand their specific needs an fulfil these within the stipulated time- frame without compromising with the quality.

We are instrumental in providing our clients assured array of products to the clients. The offered products are processed by our professionals using natural ingredients and advance technology keeping in mind defined food standards at our well equipped production unit.
